*BBH Minor Director*

Jewelle Dela Cruz
*BBH Minor Administrator & Advisor*
Focus & Themes of the Minor

- Applying scientific advances to the promotion of brain and behavioral health
- A blend of unique core classes and research/practice experiences in the ongoing programs at the Semel Institute for Neuroscience and Human Behavior
- Key themes:
  - a problem-based approach to learning
  - a lifespan orientation
  - a dual focus on both health and illness
  - attention to population diversity
- Capstone project based upon experiences in programs at the Semel Institute
- Application-based minor
